Data Subject Complaint Handling (Atos as a Controller)

Procedure for Handling Data Subjects' Complaints where Atos acts as a Controller

Where a Data Subject believes that his/her rights under Atos UK Binding Corporate Rules as a Controller (UK BCR-C), or according to the UK GDPR or under local applicable law, have been violated, or that his/her request to exercise his/her right(s) has been denied, a Data Subject can enforce his/her rights against Atos by following the procedure set out in this Appendix and by completing the attached form.

Note: While Atos wishes to deal with complaints via this procedure, Data subjects also have a right to complain to the Commissioner or bring a claim before a UK court without first exhausting this complaints process.

STEP 1: Data Subject addresses their concerns to the Atos UK Data Protection Office

Submitting the complaint

Data Subjects shall first file their request regarding the exercise of their rights to the Atos UK Data Protection Office at the relevant address that appears in **Appendix 7**.

1. Content of the claim

This request shall be made by using the attached form (Annex 1) and by submitting the following information:

- ▶ Name of the data subject;
- ▶ Copies of documents which confirm the identity of the data subject;
- ▶ Contact details where the response shall be addressed to;
- ▶ Name of the Atos entity which has initially collected the personal data;
- ▶ Approximate date of collection of the personal data;
- ▶ Type of personal data and processing purpose about which the data subject is complaining;
- ▶ Details regarding the claim, including the nature of any breach and the identity, if known, of any specific Atos Entity that the complaint concerns.

Data subjects should make their claim as precise as possible in order to enable the Local Data Protection Office to handle the case within a reasonable period of time as defined in Step 2 of this Appendix 4.

STEP 2: UK Data Protection Office response

1. Acknowledgement of receipt

The UK Data Protection Office shall acknowledge receipt of the complaint no later than **one (1) week** after the complaint was received. The standard acknowledgement of receipt attached to this Appendix 4 (see Annex 2) can be used by the UK Data Protection Office.

2. Handling of the complaint

2.1. Request for additional information

Where the information provided by Data Subjects is not sufficient for the UK Data Protection Office (acting reasonably) to handle the case, the latter shall address a request for additional information to the Data Subject no later than **fifteen (15) days** after receipt of acknowledgement was sent.

2.2. Investigation and response to the complaint

Where the information provided by Data Subjects is sufficient for the UK Data Protection Office, or once the additional information requested in the previous paragraph are provided by the Data Subject, the UK Data Protection Office shall investigate and respond to the complaint without undue delay and in any event within **one (1) month** of receipt. Taking into account the complexity and number of the requests, that period may be extended by two further months at the utmost, in which case the data subject will be informed accordingly.

The answer to the claim made by the data subject shall be as clear as possible and shall be drafted in a manner which is easily understandable by data subjects.

STEP 3: Escalation to the Commissioner

Where Steps 1 to 2 have not enabled Data Subjects to get a satisfying answer, Data Subjects retain the right to complain to the Commissioner or to bring a claim before a UK court.

Annex 1: Complaint form for Data Subjects against Atos

THE STANDARD LETTER FORM BELOW SHALL BE USED BY DATA SUBJECTS WHO INTEND TO BRING A COMPLAINT AGAINST ATOS. PLEASE NOTE THAT THIS FORM SHALL BE FILLED IN WITH RELEVANT INFORMATION.

This is only a template that may be used freely by Data Subjects – a complaint received in another format will also be studied according to the procedure described above.
