Atos

Invitation

# Spectrum Power jROS-PTRS day

for Trading and Portfolio Management

October 22, 2012

Hotel Melia, Lehendakari Leizaola Street, 12

Bilbao, Spain

# Empowering smarter energy trading

Atos is pleased to invite you to our PTRS (EMS) / jROS day, organized with Siemens, for customers active in Trading & Portfolio Management.

Atos and Siemens provide solutions for handling all aspects of operational management and energy trading which add real value to every business in the value chain. Our unique alliance is already helping us to address new opportunities to the benefit of our clients and will continue to do so for the future.

The event agenda has been specifically designed to allow customers to share their experience with PTRS and jROS, discuss recent

developments and upcoming PTRS and jROS plans.

We would be delighted if you would agree to share with fellow participants your current use of PTRS, and your needs and expectations for the future, either by giving a short presentation or simply during discussions.

Members of the Atos and Siemens executive teams and solution specialists will be on hand to chat and offer advice to ensure that you get the most out of your attendance.

We highly appreciate your interest in and participation at this event.

Atos Team
