Disclaimers

- This document contains further forward-looking statements that involve risks and uncertainties concerning the Group's expected growth and profitability in the future. Actual events or results may differ from those described in this document due to a number of risks and uncertainties that are described within the 2010 Reference Document filed with the Autorité des Marches Financiers (AMF) on April 5th, 2012 under the registration number: D12-0288.

- Global Business Units include Germany, France, UK & Ireland, Benelux (The Netherlands, Belgium and Luxembourg), Atos Worldline (French, German, Belgian, Asian and Indian subsidiaries), Central and Eastern Europe (CEE: Austria, Bulgaria, Croatia, Serbia, Poland, Czech Republic, Russia, Romania, Slovakia and Turkey), North America (NAM: USA and Canada), North & South West Europe (N&SW Europe: Switzerland, Italy, Denmark, Finland, Sweden & Greece), Iberia (Spain, Portugal, Andorra), Other Business Units including Major Events (MEV), Latin America (Brazil, Argentina, Mexico, Colombia and Chile), Asia Pacific (Japan, China, Hong Kong, Singapore, Malaysia, Indonesia, Philippines, Taiwan, Thailand and Australia), IMEA (India, Middle East, Morocco and South Africa) and Atos Worldgrid.

- Revenue organic growth is presented at constant scope and exchange rates.

- The AtoS pro forma financial information for the 18 months to 30 June 2011 comprises the results of the former Atos Origin perimeter and the acquired scope of the ex Siemens IT Services (SIS), as if AtoS had been in existence since 1 January 2010. The information is provided as guidance only; it is not audited and, as pro forma information, it does not give a full picture of the financial position of the Group. The key assumptions used in the preparation of the information are as follows:
  - The pro forma information has been prepared using accounting policies consistent with those used in the historic Atos Origin interim and year-end financial statements;
  - Pro forma tax is based on the estimated effective rate of tax for AtoS for the relevant periods applied to pro forma profit before taxation.
  - The pro forma Profit and Loss account excludes significant exceptional items as being non-recurring, notably provisions on contract risks recorded in the first semester 2011.
