

Cloud Solutions

Simplify daily enterprise work

SAP Fiori – The Mobility Solution for all Devices

Your business technologists. Powering progress.

Atos

Offering

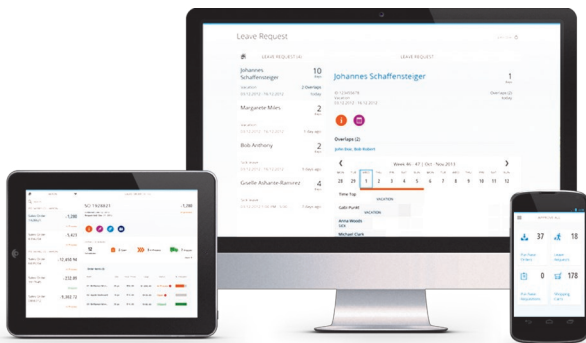

Leverage SAP

Intuitive applications for important business functions.
Quick implementation on various terminals and devices.

Keep simple things simple

In times of IT-Consumerization, the users' expectations of their workplace are clear:

- Constant **availability of information** – any time and from any place
- **Transparency** and **efficiency** of processes
- **Usability** – business applications must be intuitive to use and operate

Our Solution - SAP Fiori

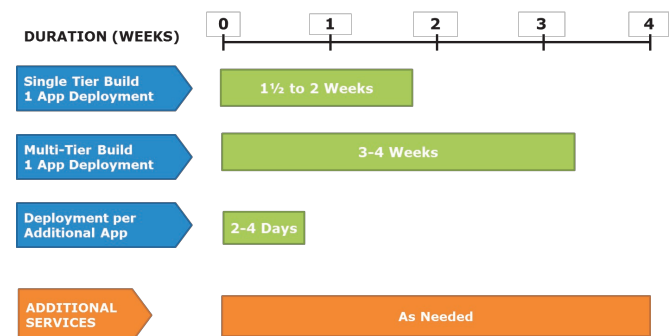

With **SAP Fiori** these requirements can be covered easily, quickly and flexibly. SAP Fiori is a collection of various applications, which offers intuitive utilization of frequently used software functions – over various devices ranging from desktop to tablets all the way to smartphones.

* Package price is valid only with the sufficient licenses in the backend.

Your Benefits

- Availability of SAP Fiori on each device type – smart-phones, tablet-PCs, laptops, desktop-PCs
- Elimination of workflow / process barriers – process acceleration through „mobile workplaces“
- Integration of processes from external systems
- Individual options to customize SAP Fiori applications.
- Utilize SAP – make optimal use of existing SAP processes through permanent availability.
- Fast & flexible development and deployment
