

Why customers love **Circuit**

UNIFY

Solving business issues with Circuit

Neil Hutchinson
Director of Business
Development,
Everything Voice

*“By adopting Circuit, Everything Voice has achieved its goal of **driving collaboration**, better **more connected communication** and **knowledge sharing** into the business.”*

Leonard Pascual
President & CEO,
A Sound Look

*“Circuit enables me to communicate face to face with anyone on my team in a matter of seconds, and its contextualized search function allows the team to **quickly access relevant information** and get looped into conversations. That ‘dead time’ often attributed to digging through email, is now focused on our **productive ideation, technical development, and decision-making.**”*

Commissioner Magee
Dept of Revenue,
State of Alabama

*When drafting a bill, we may go through 20 to 30 drafts before it’s finalized. By using Circuit for this process, it keeps everyone **aligned and on task**, housing all the information our teams need within the system, so it’s **accessible** when people are **on-the-go.**”*

Mahmood Chaudri
Managing Director
Datrix

*“In the last month, we’ve used Circuit to help us to respond to five major bids. It **dynamically connected** sector experts and bid managers in real-time to work together to create the best possible outcomes, even when they have found themselves hundreds of miles apart. Circuit delivers **seamless collaboration** and lets us concentrate on our business!”*

Improving productivity with Circuit

Mike Welch, CEO
Welch Global
Consulting

*"We switched to Circuit because it is much **simpler to use**. It is also **less expensive** than webinar services, which we're phasing out completely. An added bonus: the **persistent threads** make sure the **collaboration doesn't end when the meeting is over**"*

Leonard Pascual
President & CEO,
A Sound Look

*If you flip through the apps on my phone, you'll see that I've tried them all – and none of them offer what Circuit does in terms of **ease of use, efficiency, and scalability**."*

Dirk Rohrborn
CEO and Founder
Communardo Software

*"I was really impressed not only by the **usability** and the **design** of Circuit, but overall of the vision of the solution... The strong focus of Circuit is to be able to bring **different modes of communications together**."*

Bill Bouie
President and CEO
SkyCom

*"The **simplicity** of getting onboard with Circuit, really made it easy for our employees to adopt the solution to fit the needs of work today. Our **team was excited** to try it and didn't need any special equipment to get it running."*

Improving productivity with Circuit

Michael Deppert
ICT System Engineer,
City of Zurich

*“Unify’s latest innovation Circuit doesn’t disappoint. We’re excited to be using Circuit and we’re already seeing an **improvement** in the way our **teams communicate** and **collaborate**.”*

Commissioner
Magee
Dept of Revenue,
State of Alabama

*“It’s a relief to no longer live in my inbox orchestrating conversations anymore. Circuit has been a great facilitator for **virtual ‘water-cooler conversations ...’**”*

Leonard Pascual
President & CEO,
A Sound Look

*“Across the board, **usage of email** has significantly decreased. Circuit has enabled us to take our **productivity to the next level**.”*

Dirk Rohrborn
CEO and Founder
Communardo
Software

*“To have the possibility to contact someone within **one tool** and not multiple tools, is what makes Circuit unique. Having all the important information, such as **files, text messages, or even voice recordings** in one place, **saves a lot of time**, makes your work **more efficient** and especially for project teams, it helps **get things done much quicker ...**”*

Circuit favorite features

Commissioner Magee
Dept of Revenue,
State of Alabama

“Thanks to Circuit’s **instant messaging** and **guest feature**, we’ve **revamped our process** to be far **more agile** which has been attractive to our younger team members.”

John Isenhour, PhD
Associate CIO & CTO
Kennesaw State
University

*“If I was a student, I would want to be able to pull out my phone and have **everything integrated** into **one interface** that would let me **find everything** I wanted. I would want that one magical app that did it all”*

Leonard Pascual
President & CEO,
A Sound Look

*“With Circuit, I can feasibly rely only on my iPad when I travel for business and go **from using five separate apps** to, essentially, **one**.”*

Michael Deppert
ICT System Engineer,
City of Zurich

*“It’s very important to have the ability to communicate with all the people I want, and to **choose where I want to be reached**. “*

Circuit empowers competitive advantage

Mahmood Chaudri
Managing Director
Datrix

*“There are numerous collaboration platforms in the market, but none of them as comprehensive as Circuit. In my 28 years in this industry, no other product has had this much **positive impact on a business** I’ve been involved in. It was operational in less than a day and provides Datrix’s employees with the ability to **truly collaborate, share knowledge and increase productivity.**”*

Neil Hutchinson
Director of Business
Development,
Everything Voice

*“Circuit has delivered **increased flexibility and agility** to our workforce, enabling them to find and **execute new ways of working** that has improved their work/life integration. Every day we are finding new ways of using this technology to **deliver better results** for our clients.”*

Commissioner Magee
Dept of Revenue,
State of Alabama

*When drafting a bill, we may go through 20 to 30 drafts before it’s finalized. By using Circuit for this process, it keeps everyone **aligned and on task**, housing all the information our teams need within the system, so it’s **accessible** when people are **on-the-go.**”*
