Engineering a smart digital future
Convergence Creators profile

Our mission
We are leading experts in engineering the solutions for our customers’ digital transformation. We engineer opportunities that turn visions into reality.

Our innovative solutions deliver sustainable value to our customers! Convergence Creators supplies more than 70 countries with communication products and solutions.

Our customers are the top players in their respective industrial sectors, i.e. telecommunications, transport (railways, aircraft manufacturers, airlines and airports), space and energy (wind power, oil and gas).

With highly skilled engineers providing the best of the European expertise, we provide turnkey solutions and services in the fields of communication networks, service and customer management, public safety and security, as well as space technology.

Since January 1st, 2018, Convergence Creators is part of Atos, a global leader in digital transformation and the European number one in big data, cybersecurity, high performance computing (HPC) and digital workplace. With approximately 100,000 employees, 72 countries and annual revenue of around €12 billion, Atos supports the digital transformation of its clients across various business sectors: Defense, Financial Services, Health, Manufacturing, Media, Energy & Utilities, Public sector, Retail, telecommunications and Transportation.
