

# Digital Workplace For Banking and Capital Markets

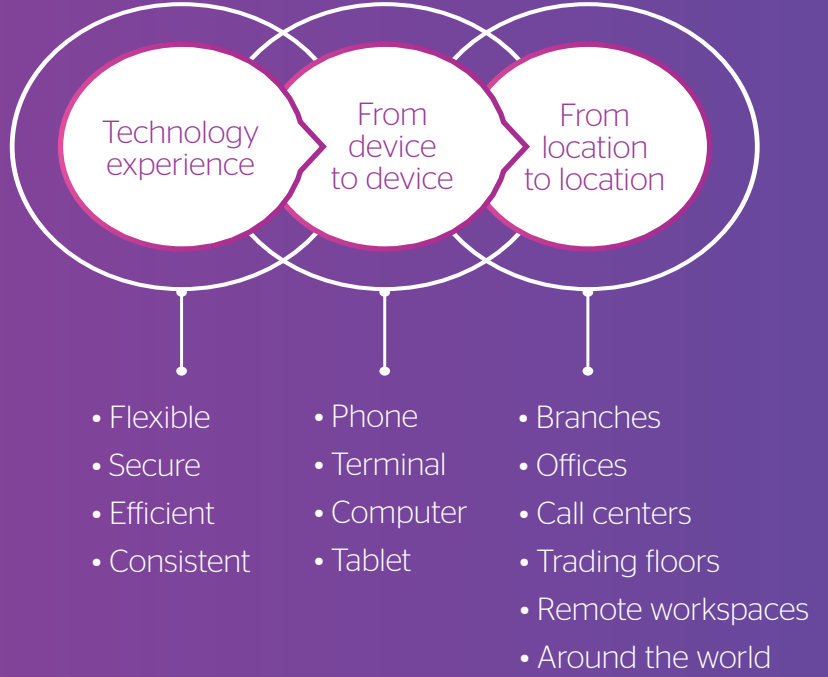

## Challenge

Elevate the customer experience while controlling costs across many locations.

Your users need seamless access to hundreds of business processes and multiple legacy systems.

Tellers      Call center agents      Advisors

Traders      Loan officers

## Solution:

Subscribe to Digital Workplace by Atos

Empower your workers with tools to improve the customer experience

**Devices as-a-service**

Current devices plus support, automated and standardized for a consistent user-focused experience

**Unified collaboration**

Team collaboration and conferencing tools designed for mobility

**Intelligent support**

Services enhanced with

- AI to prevent incidents
- Analytics to improve satisfaction

**Embedded security**

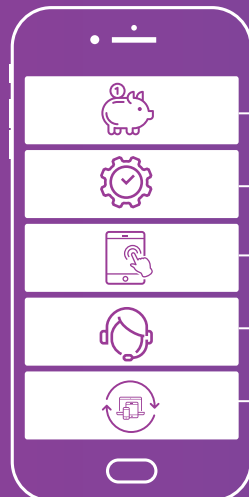

Conditional access to apps and portals shrinks the attack surface of the data center

## Outcomes

Ensure convenient access to data and applications

Simple      Personalized

Instant      Secure

Access to data and applications from any device, any location, at any time

- 20% - 30% savings on device and support costs
- Predictable, per-user monthly subscription model
- Flexible device options for employees
- 50% fewer service desk calls
- Automated device management and support
