Disclaimer

This document contains forward-looking statements that involve risks and uncertainties, including references, concerning the Group’s expected growth and profitability in the future which may significantly impact the expected performance indicated in the forward-looking statements. These risks and uncertainties are linked to factors out of the control of the Company and not precisely estimated, such as market conditions or competitors behaviors. Any forward-looking statements made in this document are statements about Worldline’s beliefs and expectations and should be evaluated as such. Forward-looking statements include statements that may relate to Worldline’s plans, objectives, strategies, goals, future events, future revenues or synergies, or performance, and other information that is not historical information. Actual events or results may differ from those described in this document due to a number of risks and uncertainties that are described within the 2017 Registration Document filed with the Autorité des Marchés Financiers (AMF) on March 21, 2018 under the filling number: D.18-0163, and its update filed with the AMF on August 1, 2018 under the registration number: D.18-0163-A01.

The Group’s financial information relating to the financial year ended December 31, 2018 included in this document have been prepared using a process similar to that adopted for the preparation of the Group’s annual consolidated financial statements but are not yet audited. The Board of Directors of Worldline SA has examined at its January 29, 2019 meeting the Group’s financial information for the financial year ended December 31, 2018 and has approved their communication. The Group’s financial statements which will be approved by the Board of Directors, to be held on February 18, 2019, shall include any material events previously unknown by the Group and of which it becomes aware or which may occur after January 30, 2019. Therefore the financial information presented shall be, in accordance with the AMF recommendation n°2004-04, qualified as estimated financial results.

Revenue organic growth and Operating Margin before Depreciation and Amortization (OMDA) improvement are presented at constant scope and exchange rates, and restated for the impacts of IFRS 15. OMDA is presented as defined in the 2017 Registration Document. Starting January 1st, 2018, dividends paid to non-controlling interests are not anymore a Free Cash Flow item but reported in line ‘Dividends paid’.
