

Knowledge Solutions - Technology, Equipment, Processes Adoption

More time for customers.
Improved financial
outcomes. Less stress.

The Breakaway Method

This groundbreaking methodology has four distinct, interrelated components. Our solution incorporates the Four Drivers of Adoption: Engaged Leadership, Speed to Proficiency, Performance Metrics, and Sustainment.

The 4 Drivers of Adoption

The Breakaway Method incorporates a creative learning solution housed within an innovative technology platform: the **PromisePoint® Community**. We employ a research-based approach that expedites end-user adoption. Our solution incorporates robust functionality for leaders and end users well before and well beyond Go Live. Breakaway Adoption Solutions helps you achieve the clinical and financial results you expect by ensuring and expediting end-user adoption of new technologies.

Core Services and Deliverables

Employing all four drivers of adoption, we get end users to adoption quickly. We keep your adoption solution current through changes in the vendor applications and your own workflows over time to ensure continued and long-term adoption.

The PromisePoint Community

A custom, secure online learning and social portal that supports implementation, adoption and sustained end-user proficiency via a low-cost delivery method which provides the end user with a single point of access to their adoption deliverables and activities.

The Keys to Successful Technology, Equipment, and Processes Adoption

Engaged Leadership

Includes integration with the organizations' current efforts to support the leadership process of bringing change to the organization.

- Executive Briefings
- Change Leadership
- Sessions
- Adoption Coach Network
- Program Branding Communication Kit (Branding, Scripting, Articles, Banners)
- Program Governance
- Executive Messaging

Speed to Proficiency

Begins with a detailed adoption plan that outlines all the roles and tasks to be trained.

- Custom Online Learning Simulators
- Learning Effectiveness Assessments
- Supplemental Go Live Resources
- Quick Reference Guides
- Proctored Learning Lab Activities
- Instructor-Led Training
- Mobile Solutions
- CEU or CME Application Assistance

Performance Metrics

Make it possible to track the organizations' progress toward adoption.

- Certification Process and Checklists
- Dashboard Reporting
- Implementation Readiness Reports
- Adoption Assessments
- Step-Level Practicum Reports
- Adoption Reports

Adoption Sustainment

We support Adoption Sustainment through maintenance and ongoing improvements that drive results.

- Courseware Maintenance
- Community Hosting/Maintenance
- Quarterly Proficiency Assessments
- Annual Proficiency Tests
- Additional Courses

Key Objectives

- Promote the consistent and effective use of Technology, Equipment, and Processes across all facilities
- Create a scalable and sustainable adoption solution specific to tasks by role
- Certify that each end user in every role is proficient in the use of the application
- Provide an economic and competitive advantage through the design, support and maintenance of the adoption solution
- Enhance the patient experience and patient outcomes through the most effective use of your applications

About Atos

Atos SE (Societas Europaea) is a leader in digital transformation with circa 100,000 employees in 72 countries and pro forma annual revenue of circa € 12 billion. Serving a global client base, the Group is the European leader in Big Data, Cybersecurity, Digital Workplace and provides Cloud services, Infrastructure & Data Management, Business & Platform solutions, as well as transactional services through Worldline, the European leader in the payment industry. Our publication, "Beyond Implementation: A Prescription for the Adoption of Healthcare Technology," has been praised by executives from the nation's top healthcare organizations as the definitive guide to successful information technology adoption. With its cutting edge technologies, digital expertise and industry knowledge, the Group supports the digital transformation of its clients across different business sectors: Defense, Financial Services, Health, Manufacturing, Media, Utilities, Public sector, Retail, Telecommunications, and Transportation. The Group is the Worldwide Information Technology Partner for the Olympic & Paralympic Games and is listed on the Euronext Paris market. Atos operates under the brands Atos, Atos Consulting, Atos Worldgrid, Bull, Canopy, Unify and Worldline.
