

DelIEMC Demo session
11 09 2019 – 18.00

Taming the Wild West of IoT

Daniel de Araujo, Global Technical Alliance Manager
Martin Perzl, Principal Global Architect

- ▶ IoT is the leader of the Next Digital Transformation Wave and the path to ubiquitous acceptance is just beginning. We are now at a key tipping point in IoT adoption with hundreds IoT platforms and solutions competing in a nascent market. Come learn how Dell Technologies is taming the wild west of IoT and see our one of our solutions in action.
