

Atos is recognized as Google Cloud Managed Services Provider (MSP)

Paris, April 2, 2020 - Atos, a global leader in digital transformation, today announced that it has earned **Managed Services Provider (MSP) status** from Google Cloud, an initiative under the **Google Cloud Partner Advantage Program**.

As a recognized Google Cloud Managed Services Provider, Atos has demonstrated its enterprise grade capabilities on the full scope of GCP services including cloud infrastructure and security and application migration skills, as well as the ability to deliver value to customers by offering proactive monitoring, automation, and management of their Google Cloud environments.

This new status reinforces Atos' [global partnership with Google Cloud](#). It complements Atos' position as a [Google Cloud Certified Partner](#) with over 1,000 technical certifications worldwide, and as a leading Google Cloud Premier Partner. Atos now has ten Cloud Partner Specializations together with Maven Wave, a U.S.-based cloud and technology consulting firm, acquired [earlier this year](#).

*"The Google Cloud Managed Service Provider initiative is designed to give businesses migrating to the cloud confidence that their chosen partners have demonstrated the highest degree of capability to deliver secure and managed services on Google Cloud." said **Baris Eris, Global Program Lead, Managed Service Providers at Google Cloud** "Atos' strong commitment to develop its expertise in Google Cloud solutions is strengthened by its fully-managed GCP solutions, including enabling enterprises to run mission-critical workloads and applications from Oracle and SAP with Google Cloud."*

*"The recognition of Atos as a Google Cloud MSP is testament to the depth of our Google Cloud delivery expertise and cloud solution development." said **Eric Grall, Chief Operating Officer at Atos**. "It not only supports our clients worldwide, by ensuring that our technical capabilities and processes meet the standards set by the Google Cloud MSP program, but it also shows that we're aligned with Google Cloud's working practices."*

Atos' clients span all geographies across a wide range of industries including manufacturing, aeronautical, pharmaceutical, telecommunications, utilities, finance, insurance and broadcast. As part of this partnership, Atos has created four AI Labs in [Irving](#) (Texas), [London](#), [Paris](#) and [Munich](#) to provide clients and businesses access to the latest analytics technologies.

###
