

Gold Coast 2018 Commonwealth Games

Ensuring business connectivity
and information flow

Atos

Trusted partner for your Digital Journey

The Gold Coast 2018 Commonwealth Games (GC2018) is the largest sporting event Australia has seen this decade, and the biggest sporting spectacular the Gold Coast has ever seen. The Commonwealth Games have chosen to partner with Atos to ensure a robust technology infrastructure.

The challenge

A worldwide environment

As a major sporting and international event, the Gold Coast 2018 Commonwealth Games had to secure and organize the participation of 71 Commonwealth nations, in three Australian host cities: Brisbane, Cairns and Townsville. With each nation having their own requirements and conditions in terms of technology infrastructure and service platform, which change regularly, Atos had to provide flexible yet robust solutions to ensure the connectivity and the fluidity of the Games in a challenging and worldwide environment.

The solution

Games Management System, Information Diffusion System and Cloud platform

Atos has provided tailored Games Management System (GMS) and Information Diffusion System (IDS) to ensure smooth business connectivity and information flow during The Gold Coast 2018 Commonwealth Games. An Atos' and Australian hosted and managed private cloud platform, Canopy, a technology infrastructure in India and a networking in Poland have permitted to the Olympic Games to get their workforce system organised as well as their results directly accessible online. Atos has shown flexibility and enabled its global resources to work together and to deliver the best solutions and services to the Gold Coast 2018 Commonwealth Games.

The benefits

A workforce organized and the results accessible online

The solutions delivered formed a critical part of a world-class technology environment being implemented by GOLDOC in preparation for and during the Games. These solutions have supported the workforce system management from accreditations to sports entries and have incorporated the central results platform during the Games, making the results available immediately. Atos solutions have been the state of the art systems based on the Olympic Games solution standard. For the Olympic Games, it is insurance to benefit from a tried and tested software solution and associated development and support services. As the trusted partner of the Olympic Games since 2002, Atos have shown a deep subject matter expertise and experience at lower cost, lower risk, faster delivery and proven integration.

The Gold Coast 2018 Commonwealth Games

The Gold Coast 2018 Commonwealth Games (GC2018) is the largest sporting event Australia has seen this decade, and the biggest sporting spectacular the Gold Coast has ever seen. In April 2018, 6,600 athletes and team officials from 71 nations and territories, along with 15,000 volunteers, descended on the Gold Coast for an 11-day sporting and cultural event. 18 sports and 7 para-sports were contested and broadcast to a cumulative global audience of 1.5 billion. With Atos' help, the Olympic Committee ensured a robust, connected and cost-effective technology infrastructure.
