

## Atos confirms expertise in Cloud services with renewed recognition as a Microsoft Azure Expert Managed Service Provider

**Paris, December 22, 2020** – Atos today announced that it has successfully renewed its status as Microsoft Azure Expert Managed Service Provider (MSP), [for the 2<sup>nd</sup> consecutive year](#). The Azure Expert MSP designation reinforces Atos' 20+ year alliance with Microsoft, which recently expanded through the [launch of Atos OneCloud](#), an initiative that combines a set of 10 offerings in a powerful one-stop shop supported by Microsoft.

Atos is one of less than 100 Microsoft Azure expert MSP partners worldwide and was amongst those that qualified early in July 2019. Azure Expert MSPs are partners for Azure which provide high quality, fast and cost-effective Managed Services by extensively using Automation & DevOps. This complements Atos' position as a Microsoft Gold Partner, supported by 7,000 cloud experts who maintain a total of 6,500 technical Cloud certifications and accreditations worldwide.

*"We are proud to be recognized once again as a Microsoft Azure Expert Managed Service Provider. The recognition of Atos as a trusted and experienced partner by Microsoft demonstrates the commitment of our qualified teams to ensure the success of our customers on their journey to cloud."* said **Wim Los, Senior Vice President, Cloud Enterprise Solutions, Atos**.

*"Combining an extended knowledge of Microsoft Azure with a global footprint and vision for supporting organizations with multi-cloud with Atos OneCloud, Atos is an important partner for us. We are pleased to again recognize Atos as a Microsoft Azure Expert Managed Service Provider (MSP),"* said **Gavriella Schuster, Corporate Vice President, One Commercial Partner (OCP) at Microsoft Corp**.
