

Press Release

Atos Singapore awarded Great Place to Work® for the second consecutive year!

Singapore. 26 April 2022. As a leading global digital services company, reinforcing its presence in Singapore, as well as a, headquarter of APAC, Atos Singapore (Atos Information Technology (S) Pte Ltd) is pleased to announce that it has been accredited with Great Place to Work® for a second consecutive year.

This is a clear sign that the commitment to improve work culture, decarbonization efforts in both business and community, communication style, and clarity of messaging have not gone unnoticed by the employees who participated in a survey conducted by the said organization.

Atos Singapore has registered a 95% participation, earning a 75% in the Trust index via the Great Place to Work® survey is well earned. Importantly it provides clear data points around actionable insights to continue or enhance employee engagement to make working at Atos a rewarding experience for employees of all ranks.

Post pandemic and the effort to re-introduce employees to the workplace required some creative thinking and empathy. The management was at hand to offer transitional programs, Work from Home support where required and accelerate Diversity and Inclusion, Learning and Development, and Career Planning initiatives to ensure that this was a company dedicated effort for the success of every employee at Atos in Singapore.

"I am pleased that the activities that were rolled out resonated with our employees. I am encouraged to explore more of such engagement programs that will encourage an environment that is Caring, Inclusive, Audacious, Responsible, and United," says Neville Smith, Managing Director for Atos in Singapore.

The Great Place to Work® institute uses a unique methodology to help organizations identify and define compelling employee value propositions.

The focus is on identifying the attraction, engagement, and retention drives of the key talent archetypes within the organization.

This module has 95 questions which then lead to the findings around the Trust Index and provides detailed insight towards a roadmap that delivers on an Employer Value Proposition and brand promise.
