Smart Factories Achieve Performance & Business Goals by Evolving and Developing Capabilities to Deliver Incremental Value

1. Digital Tech Transfer
   “-20% Time of Tech Transfer”

2. Connected Plant
   “-30% Plant Cycle Time”

3. Connected Teams
   “+10% Plant Productivity”

4. Decarbonization
   “-10% Energy Consumption”

5. Smart Quality
   “-50% Repeat Deviations”

6. Intelligent Supply Chain
   “-15% Inventory”
