

We create foundations for a thriving tomorrow

Atos is a global leader in Managed Infrastructure Services & Employee Experience, European Leader in Private, Hybrid and Sovereign Cloud, and key player in end-to-end Technology Services.

With more than 82 thousands committed employees, we are guided by one mission: designing, building and managing digital information systems for our 1,200 customers across 69 countries.

We are a leading player in Europe serving highly regulated industries which are data sensitive and reluctant to migrate to public cloud.

With +25-year of experience Atos is a trusted partner for CIOs to manage their vital systems, modernize them, innovate and provide visionary Managed Services offerings enabled by AI.

In Africa we operate in 12 locations across the continent. We combine 70 years of expertise with proximity, full knowledge of the specificities and needs of our clients on each territory. In each of our French-speaking and English-speaking African countries, more than 2,600 of our collaborators, supported by 82,000 technologists at Atos Group, deliver innovative projects every day. In our headquarters in Rabat and Casablanca in Morocco, we hire 1,600 business technologists and offer end-to-end technology services.

We help you adapt to new business challenges with advisory services, expertise, end-to-end local customized services and agile projects, ranging from advisory, application design, build and run to Hybrid Infrastructure Services.

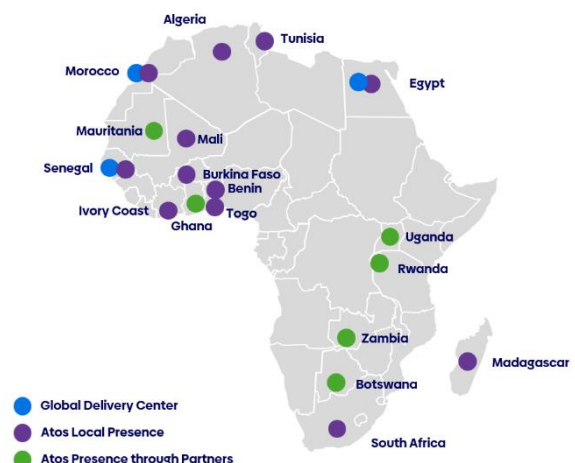

Our offer in a nutshell:

- IT transformation and modernization
- Hybrid Cloud
- Customer experience
- RPA, analytics, Big Data
- Cyber security

We have strong and successful collaboration with our clients from the banking and insurance sector, industry, telecom, finance and public sector (health/social & administrations).
