## Atos Named Leader in the ISG Provider Lens™ for ServiceNow Ecosystem Partners, 2025

**Bezons, France – May 6, 2025** – Atos, a global leader in digital transformation, has been named a Leader in ServiceNow Consulting and Implementation Services in Europe and Asia Pacific & Japan, and a Leader in Innovation on the ServiceNow Platform in Europe by Information Services Group (ISG), the leading global research and advisory firm

This comprehensive vendor assessment covered 74 Service Providers, with Atos sharing a Leader ranking with organizations such as Accenture, Capgemini, and Deloitte.

The report identifies the critical skills needed for innovative ServiceNow implementations, driven through consulting-led, co-created approaches to customer engagements – using innovation hubs to drive digital transformation, harnessing the latest in AI, automation, and emerging technologies. Working with Atos, organizations globally are benefitting from significant investments in AI and automation to revolutionize operational efficiencies and service delivery, driven through co-development projects between ServiceNow and Atos.

The assessment praised Atos' leadership credentials in complex integration on enterprise platforms such as SAP, Dynatrace and Google Cloud – ensuring seamless data flow and process automation to enhance the efficiency of work. ISG also highlighted 'Envision AI' – the Atos consulting-led approach to navigating AI-integration complexities, helping organizations to harness the power of AI by identifying fast-to-value use cases, embedding AI into unique processes, and scaling enterprise-grade solutions – whilst addressing complex security, compliance, and sovereignty risks, to ensure smooth and secure AI integration.

*"Being recognized as a Leader by ISG in the ServiceNow Ecosystem Partners for 2025 is a testament to our unwavering commitment to innovation and excellence. Our consulting-led, co-created approach, combined with significant investments in AI and automation, empowers organizations to achieve unparalleled operational efficiencies and transformative service delivery. We are proud to share this achievement with esteemed peers, and we remain dedicated to driving digital transformation through cutting-edge technologies and seamless integrations"* said **Chetan Manjarekar, Head of Digital Smart Platforms, Atos.**

*"Recognized as a Leader in innovation and consulting-led implementation services, Atos is making significant progress in expanding its ServiceNow AI & GenAI capabilities, building deep integration skills into enterprise platforms such as SAP, Google Cloud and Dynatrace, and demonstrating its considerable expertise in building solutions directly into the ServiceNow platform. The Atos Envision AI consulting approach, alongside its GenAI Accelerator Program offers customers fast-to-value use cases and scalable enterprise solutions"* said **Ashwin Gaidhani, Research Partner & Lead Analyst, ISG.**

Atos also announced on May 5, 2025, the **SecureHorizons NIS2 Compliance Manager Application** powered by the ServiceNow Platform to Streamline Cybersecurity Efforts. This first-to-market application will help customers worldwide to replace time-consuming and error-prone manual processes with streamlined, automated workflows, enabling organizations to meet the stringent compliance requirements of the NIS2 Directive.

Atos will also participate to [ServiceNow Knowledge 25 event](#), taking place from May 5<sup>th</sup> to 8<sup>th</sup> in Las Vegas.
