

Atos Recognized as a Leader in ISG Provider Lens™ for SAP Business AI and Business Technology Platform (BTP) Services

Paris, France – May 12, 2025 – Atos, a global leader in digital transformation, has been identified as a Leader in the 2025 ISG Provider Lens™ for SAP Business AI and Business Technology Platform (BTP) Services. Atos's recognition as a leader in these services signifies its pivotal role in helping enterprises navigate the complexities of digital transformation, optimize processes, and achieve sustainable growth.

This ISG Provider Lens™ report evaluates 50+ service providers based on their ability to strategize, develop, and integrate SAP BTP solutions with SAP Business AI, delivering digital core applications for their global clients.

The report identifies the critical capabilities needed for successful SAP Business AI and Business Technology Platform (BTP) implementations, which drive business outcomes for customers. SAP BTP is pivotal for the provision of a Clean Core and to provide integration into the broader IT landscape to support digital transformation. Organizations worldwide are using SAP Business AI and analytics to improve their resilience, decision making, and business insight. These tools help in streamlining processes, achieving operational efficiency, and supporting digital transformation and agility, leading to quicker time to value.

Atos works with its customers to help them leverage GenAI capabilities to automate routine manual and support tasks by identifying pain points and analyzing optimal GenAI solutions compatible with SAP BTP and SAP S/4HANA.

The assessment praises Atos' leadership credentials in AI innovation on the SAP platform, offering customers a broad array of GenAI capabilities to automate business processes - leveraging a human-centric design philosophy, innovative industry solutions, and robust automation capabilities on SAP BTP to deliver tailored Business AI Services that enhance operational efficiency and drive customer satisfaction.

*"Recognized as a Leader in AI innovation on the SAP platform, Atos offers customers a broad array of GenAI capabilities to automate business processes - leveraging a human-centric design philosophy, innovative industry solutions, and robust automation capabilities on SAP BTP to deliver tailored Business AI Services that enhance business transformation operational efficiency and drive customer satisfaction", said **Akhila Harinarayan, Manager & Principal Analyst, ISG.***

"Being recognized as a Leader in the ISG Provider Lens™ for SAP Business AI and BTP Services is a testament to our dedication to innovation and excellence. Business AI is a key focus of our organization, and we are committed to helping businesses harness its power to drive operational efficiency and sustainable growth. It is crucial that we guide our customer through the complexities of pricing, use cases, and integration strategies, ensuring effective utilization for maximum business impact." **Chetan Manjarekar, Head of Digital Smart Platforms, Atos.**
